

CHURCH SUMMARY GROWTH

Church Program". For 7 months we implemented this program and caused Firepoint Church to grow from 90 in attendance to 198 in attendance Sunday morning. The program is guaranteed to double church attendance annually, by teaching the congregation how to reach the unsaved and bring them to church. If you know pastors or leaders who would like to receive a free manual and talk to us about this program, call me at 213-820-8305. Much of this program we learned by working under pastors Matthew and Tommy Barnett for 18 years, who went from 50 people to 9000 people in attendance, before Covid.
