

Transgender Testimonial

Jessica was born a **Girl**, but was counseled to become a **Man**. We helped her become a beautiful woman again and helped her get married. She **did 6 months** of our **pastoral training program**. She **traveled with us to schools** and shared her testimony. It was wonderful that she gave hope to so many and **wrote a book**.

OUR FREE WOMEN'S HOME & MINISTRY

Helping Battered,
Abused, Human
Trafficking Women
and Women with
Children who are
Homeless.

Restoring Hope. Rebuilding Lives.

A Safe Place to Begin Again

Providing women and mothers with children the support, care, and resources they need to overcome homelessness and hardship and build a brighter future.

Our Family Helps Homeless Girls

Many girls are caught up in human trafficking. The girl above, whom we helped, lived under the 210 Bridge with many others.

This mother faced a serious illness. We helped transition her to the hospital.

Empowering Mothers & Protecting Children

We stand beside mothers and their children with compassion, encouragement, and practical support as they work toward safety, stability, and independence.

Your Support Can Change a Life

Every act of kindness can help a mother and child move from hardship toward hope.

How We Bring Hope

- 1.Support for women and children in need.
- 2.Assistance for families experiencing homelessness and helping them transition to a permanent facility.
- 3.Essential resources, job opportunities, and compassionate care.
- 4.Coaching, and resume development, and employment assistance.

We helped this newborn, Abbie.

We helped them transition to a home we provided. This infant and her mother faced Homelessness and deep despair. We provided a permanent home for them.

Every Girl
Deserves Hope.
Every Child
Deserves a Safe
Tomorrow.
