*Bringing hope, safety, and a fresh start to women and mothers with children overcoming abuse, homelessness, and hardship.*

This mother faced a serious illness. We helped transition her to the hospital.

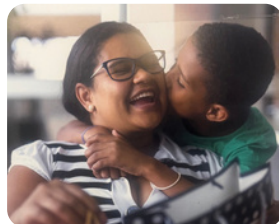

We helped this newborn, Abbie.

We helped them transition to a home we provided. This infant and her mother faced Homelessness and deep despair. We provided a permanent home for them.

Our Family Helps Homeless Girls

Many girls are caught up in **human trafficking**. The girl above, whom we helped, lived under the 210 Bridge with many others.

**Jessica** was born a **Girl**, but was counseled to become a **Man**. We helped her become a beautiful woman again and helped her get married. She **did 6 months** of our **pastoral training program**. She **traveled with us to schools** and shared her testimony. It was wonderful that she gave hope to so many and **wrote a book**.
